

MRX.monitorCover

Sales ID: 2101-2x80

Cover for MRX.monitor, w. touch

- X Mechanical protection against moisture**
- X Low weight**
- X Protection against reflection from sunlight**
- X Additional mechanical locking of the plugs**
- X VESA mounting is supported**
- X Available for different monitor sizes**

MRX.monitor cover offers sun protection and rain protection in one. The generous roof with the two side sections provides sufficient shade to ensure a clear image even in bright sunlight and to clearly recognise the video transmission of the camera system.

The MRX.monitor cover also serves as protection against moisture such as raindrops when the cab window is open or drinks spilled by careless crane operators.

The integrated locks on the MRX.monitor plugs (power, video, USB) ensure that cables are secured when the MRX.monitor cover is fitted. If the MRX.monitor cover is removed, the cables can be unplugged and plugged in.

MRX.monitor covers are available for all monitors in the MRX.KranFunk system.

Technical Specifications

Common

- Order code
 - ↪ 11 inch: 2101-2080
 - ↪ 12 inch: 2101-2180
- 3D tensile process
- Material: PU - Cast resin (ABS similar)
 - ↪ Surface finish: lacquered
 - ↪ Colour: black

Environement

- indoor
- Operation: -20 .. +85 °C
- Storage: -20 .. +85 °C
- Rel. humidity: 20-90%, non-cond.

Mechanics

- 10 inch monitor (2101-2080)
 - ↪ 255x173x145mm (BxHxD)
 - ↪ Weight: 380g
- 12 inch monitor (2101-2180)
 - ↪ 291x188x145mm (BxHxD)
 - ↪ Weight: 400g

Mounting

- Attached to the monitor with 2 screws
 - ↪ 2x M4x8 (TX20)

Certificates

- CE, eMark regulations
- RoHS, REACH
- UL94 V-0
